A NEW PEST.

It is Doing Great Damage in Grayson County.

Denison, Texas, September 6,-An Inspest has just appeared in this section which is greatly alarming farmers. It is making a clean sweep of grass and fail regentibles. How far it will extend its depredations is yet to be seen. The pea-s a very small bug that is almost black farmers do not recollect seeing it here-before.

PRESIDENT SHOT.

Wounded Twice by an Anarchist Whom He Was Greeting as an American.

CHIEF EXECUTIVE'S LIFE IS HANGING IN A BALANCE.

Surgeons Express the Belief that the Chances for Recovery are Favorable.

Buffalo, N. Y., September 6.—A few minutes before 4 o'clock this afternoon while Presi-H.P. McLaughlin & Co. dent McKinley was holding a public reception at the exposition grounds, he was shot twice by an anarchist who gives his name as Leon Czolgosz. The fellow was at once secured and is now strongly guarded at police headquarters.

> President McKinley lies at the home of John G. Milburn, his life hanging in the balance. One of the bullets penetrated the stomach and has not been located. The surgeons believe that the president will recover.

> Mrs. Mckinley received the news of the attempted assassination with the utmost courage. She is now at the bedside of her suffering husband.

Buffalo, N. Y., September 6.-Secretary Cortelyou tonight gave out the following statement:

The following bulletins were issued by the physicians at 7 p. m.: The president was shot about 4 o'clock. One bullet struck him in the upper portion of the breast, glancing and not penetrating; the second bullet penetrated the abdomen five inches below the left nipple and one and one-half inches to the left of the median line. The abdomen was opened through the line of the bullet wound. It was found that the bullet had penetrated the stomach. The opening in the front wall of the stomach was carefully closed with silk stitches, after which a search was made for a hole in the back wall of the stomach. This was found and also closed in the same way.

The further course of the bullet could not be discovered, although careful search was made. The abdominal wound was closed without drainage. No injury to the intestines or other abdominal organ was discovered. The patient stood the operation well, pulse of good quality, rate of 130, condition at the conclusion of the operation gratifying. The result cannot be foretold. His condition at present justifies hope of recovery.

GEORGE B. CORTELYOU, Secretary.

Buffalo, N. Y., September 6.-The following bulletin was issued by the president's physicians at 10:40 p. m.:

The president is rallying satisfactorily and is resting comfortably. 10:50 p. m. - Temperature 100.4 degrees; pulse 124; respiration 24.
